For a full list of the recalled batches, see the Government website [HERE](#)

URGENT: PRODUCT DEFECT RECALL ALERT CLAVUBACTIN 50/12.5MG, 250/62.5MG, 500/125MG

You are receiving this communication because you have been identified as having received an affected product.

Please read the attached government notice.

Clavubactin 50/12.5mg (Vm 19994/4028)

Clavubactin 250/62.5mg (Vm19994/4026)

Clavubactin 500/125mg (Vm 19994/4027)

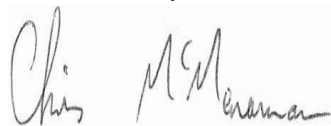

By Le Vet Pharma. We have only Distributed product from Animalcare.

Daily routine stability testing the above mentioned products do not fulfill the mandatory testing requirements at 24 months. This recall is because the efficacy of the product cannot be guaranteed after 12 months.

- Please could you check your stock as identified and return any product (including any part packs) to us for a full credit.
- Please can you return this letter with the returned stock, having completed **all** the sections below.
- **Please send in all returned stock no later than 4 weeks of the date of receipt of this letter.**

Many thanks, and we apologise for any inconvenience.

Yours faithfully,

Chris McMenaman
Responsible Person & WQP
